Subject: RE: for DEBRA Ukraine, from DEBRA International

Dear Tatiana,

Thank you for this clarification. On this basis, we can accept DEBRA Ukraine into full membership of DEBRA International. It is good to have you completely involved. You are welcome to refer to your membership of DEBRA International in your publications or in any other way that may be of assistance to you.

We ask all new member groups to use the DI logo (if they do not already have one) or to consider using it if they do. A copy is attached.

You will continue to receive email updates and newsletters and, of course, if there are any ways in which the network can help you, just let me know.

I will email all groups soon to collect the 2012 membership fee but, for information, the current rates are attached.

Best wishes.

John
